Good Afternoon John,

I am having trouble accessing SEMS, but I placed the request for \$62K in SEMS under the RA enter (I believe) that had an entry titled "PRP LT" and a planned completion date of 2029 (I believe). I attempted to enter the funds under "Enforcement", but the system would not allow it. Hank provided me with the SOW for litigation support (RAC II NATIONAL STATEMENT OF WORK FOR LITIGATION SUPPORT (LT)), which lines up with the entry where funds were placed. Vince also reviewed the attached SOW and provided feedback. Have a pleasant afternoon.

Ursula,
How is the money planned in SEMS? Is this work considered Technical Assistance or how is it scoped?
